& a pair of ear wires.
Beads will be extra.**

Instructor – Jo Ann Reeves

Four years ago, Jo Ann wandered into our Bead Store with no jewelry making experience whatsoever. She took her first beading class (spiral rope) and promptly jumped in with both feet. Since then, she has explored and mastered more jewelry mediums than most of us have in our lifetimes. Jo Ann loves beads, but she truly loves the design concept, process, and the tactile experience of creating art jewelry. She is one of our in-house instructors and has jewelry in several galleries in Anderson County.
